**ReN<sup>o</sup>: ODG/006/RwandaFDA/2020**

**Re: Recall of all BEU Hand sanitizers manufactured by Holly Trust Ltd, Kamonyi District**

With reference to the recall N<sup>o</sup>: 564/Rwanda FDA/2020 issued on 1<sup>st</sup> April 2020, which was recalling the batch N<sup>o</sup>: 090208032022, due to the Laboratory quality control test results which revealed that it does not meet the Laboratory quality specifications;

Reference is also made to the inspections conducted at the manufacturing plant which doesn't have official manufacturing permit from a competent Authority and inspections conducted to different pharmacy wholesalers and retailers whereby most of BEU Hand sanitizers were found without batch numbers;

Rwanda Food and Drugs Authority (Rwanda FDA) hereby orders **the recall of all hand sanitizers manufactured by Holly Trust Ltd, Kamonyi District, Runda Sector.**

**Action to be taken**

1. Rwanda Food and Drugs Authority has temporally suspended the production of hand sanitizers manufactured in Holly Trust Limited premises.
2. Rwanda Food and Drugs Authority informs the public including the users, suppliers in possession of the above mentioned products to stop their distribution or use and return them to their suppliers for proper management.
3. Rwanda Food and Drugs Authority reminds the public to check basic information on labels to ensure the quality of products before their reception.

Sincerely,

**Dr. Charles KARANGWA**
